Fusion State Officials Are Invited in and Given Something to Ent-Plans for Entertaining the First Regiment.

LINCOLN, July 5 .- (Special.) -- It is a source of disappointment to some that the governor's mansion was not purchased ear-Her in the season so that it might have been formally dedicated to the use of the executive by a public reception or an entertainment of some sort. Governor and Mrs. Poynter gave their first entertainment in their new home yesterday and the exclusiveness of the affair reminds one of the executive session of the State Board of Public Lands and Buildings when the residence was purchased. Only those who were fortunate enough to be connected with the board were admitted to that secret session and in this respect the entertainment yesterday was about the same, only Governor Poynter and his family were of course there. The invited guests, State Treasurer and Mrs. Meserve, Secretary of State and Mrs. Porter and Land Commissioner and Mrs. Wolfe, were entertained at dinner. Mr. and Mrs. C. J. Smyth were unable to attend.

EXPECT TO BEAT THE YANKEE Britishers Confident the Shamrock

Will Outsail the Columbia for America's Cup.

SOUTHAMPTON, July 5.—Yachting circles in the Solent were never more excited than now over the prospects in the fortheoming race for the America's cup between the Shamrock and Columbia.

Yesterday yachtsmen could be seen in all directions and in Southampton, Hythe, Calshot and Cowes the keenest lookout was kept for the challenger, which it was known would stretch its sails. Every movement was villed with the profoundest secrecy and owing to the rumors in circulation that its sails were unsatisfactory the interest was intensified. Newspaper men and photographers gathered in large numbers and would have given anything to know the program, but nothing was given est. was given out.

Sir Thomas Lipton, delighted with his new treasure, and the trothers Jameson were on board the Iverna, John Jameson's cutter, and Mr. Will Fife, the designer of the Shamrock, was much in evidence.

son were on board the Iverna, John Jameson's cutter, and Mr. Will Fife, the design of the Shamrock, was much in evidence.

In Southampten waters the Shamrock presented a magnificent sight. The slight breeze was just enough to fill its salts and it gided as gracefully as a swan. It should be understood that the trial yesterday was in no sense a test of speed. It was sciely for the purpose of sail stretching. Soon it became apparent that there was not a shadow of foundation for the unfavorable report. No great changes will be found necessary. The great salts were found excellent.

The helm trials were even more satisfactory if possible, as it answered all deminds beautifully.

After passing Calshot castle it was directed toward Cowes, where it was eagerly scanned by crowds of experts already arrived for the season. A distinguished expert and yachting authority said to the correspondent of the Associated Press that the Shamrock was "the finest yacht ever seen in the Solent."

Starting again it went along like a shot out of a gun, heaving for the west channel and Yarmouth. Then it returned toward Southampton. As it beat up Southampton water, with gaff topsail, mainsail and foresail, it developed wonderful speed, although not after anything definite regarding pace, finally anchoring off Hythe, where it remains until tomorrow, whin it will take another spin, accompanied by the Iverna.

A member of the crew said to the correspondent of the Associated Press; "The Shamrock will do what it is built for and will beat the Yankee. It sailed admirably without a hitch and answered its helm to perfection, which is one of the greatest considerations. We are going to win, but it is impossible yet to judge of the yacht's full capabilities."

Sir Thomas Lipton expressed himself as "satisfied with the spin."

Interest now centers in the race with the Britannia, which will be ready Wednesday for at least four encounters. In yaching circles the opinion is general that the Shamrock must beat the Britannia at least half an hour, consid

BREWERS DEFEAT THE ARMOURS.

One-Sided Game at Nouparell Park Sunday Largely Attended.

If Manager "Buck" Keith's Omaha Brewing Association players put up as good ball on the trip to Denver as they did at Nonpariel park Sunday afternoon they will return with the victorious eagle perched on high. The game was en exhibition match between the Brewers and the Armour nine from South Omaha, the former being an easy winner with a score of 19 to 2. It was a walkaway for the Brewers. At no time in the game did the representatives of the packing house city seem to be able to knuckle down and play ball, and in the fifth inning tweive runs were piled up by the local team. In this inning the usual good playing qualities of the Armours seemed to have gone glimmering and fumbles and errors made scores a regular thing as fast as the men at bat could circle the diamond. Sullivan, the crack pitcher for the Armours, was out of form and could." get control of the sphere, while he was accorded poor support through most of the game. In the sixth inning he was replaced by Dumond, who had splendid speed but poor control. The Armour boys struck one of those gaits which the best of teams occasionally encounter and were unable to brace up. They were shut out until the last inning when a couple of scores run in saved them from a whitewash. About 2.500 people witnessed the game. SETTLES THE BOUNDARY LINE

Watershed and White Pass Back of Skugway Accepted by Both of the Nations.

TACOMA, Wash., July 9.-The Fairbanks-Foster Alaskan boundary party returned from the north today and interviews with members of the party indicate that the watershed on White Pass back of Skagway and Taiya will be accepted as the international line at that point. The White and Chilkoot passes constitute

the storm center of the Alaska boundary. At those points the Canadians hope to secure concessions that will enable them to anchor down a point of entry into the Klendike gold fields. All other parts of the country thereabouts where concessions are looked for are of little importance compared with the Lynn canal, which is the key to the situation.

Accident et a Dedication.

CLEVELAND, O., July 9.—During the lay-ing of the corner stone of a Jewish syna-gogue at the corner of Woodland avenue and Jackson street this afternoon a plat-form on which about thirty people were standing fell, precipitating most of the peo ple into a pit below, a distance of several feet. Fortunately nobody was killed, Rabbi S. Drechsler, Rabbi Aaron Hahn and Judge Bloch and son were quite seriously hurt and a boy named Samuel Cohn had one leg broken.

Mysterious Disappearance ATLANTA, Ga., July 9.—Miss Henrietta Crapp, the 16-year-old daughter of a prominent insurance man of this city, mysteriously disappeared from the home of H. S. Underwood, four miles from Atlanta, Sat urday afternoon. A party of thirty searchers, assisted by Atlanta detectives, have failed to find the least trace of the missing girl. It is believed she has been kid-
